TITLE:  
Environmental & Quality Policy Statement

## **Quality Policy**

It is the policy of Accrofab Ltd to provide products on time and in accordance with agreed customer requirements.

We will constantly strive:

- To set an outstanding quality of service.
- To set the highest possible standards.
- To identify objectives across the business aimed at continuous improvement of the Quality System and enhancing customer satisfaction.
- To be resourceful and innovative in meeting our customer needs and expectations.
- To be open to new ideas and adaptive to change.

The achievement of high quality and consistency calls for a systematic and disciplined approach by all employees in all activities associated with the customer's order according to the principles of quality assurance and in compliance with supplementary clauses of AS9100 Issue D and any other obligations.

Above all, we will always remember that our customers are the very purpose of our business.

This statement represents my commitment on behalf of the company, to the Quality Policy and continuous improvement.

It is part of the company's training programme to ensure that this statement is understood, implemented and maintained at all levels within Accrofab Ltd.

This policy will be reviewed annually to ensure its continued suitability.

TITLE:

Environmental & Quality Policy Statement

## **Environmental Policy.**

Accrofab Limited is a company at the forefront of UK engineering and manufactures high integrity and safety critical precision metal components, providing an end-to-end source for every aspect of the development and production of these components, primarily for the Aerospace industry.

This integrated approach saves time, reduces administration and eliminates the risks associated with transferring production.

In support of our core values and strategic direction and to demonstrate our commitment to the environment, the prevention of pollution, we operate a Management System in accordance with the requirements of BS EN ISO 14001:2015, the requirements of our clients and in accordance with our compliance obligations.

We will review the risks and opportunities to our business and set objectives against which our performance can be measured to identify opportunities for continual improvement of the Management System and enhancing levels of our environmental performance.

This policy will be reviewed annually as part of the management review process, to ensure its continued relevance and adequacy and in line with our continuous improvement.

It is an integral part of the company's training programme that ensures that this policy statement is briefed, understood and implemented at all levels within the company.

This policy will be available to interested parties upon request.
